Smudge! Clear Away the Negative and Bring in the Blessings

By Margaret Ann Lembo

Smudging is the spiritual practice of clearing away negative thoughtforms and other negative vibrations with the smoke of burning herbs, typically dried sage. The sage used for smudging is usually either high desert sage or white wide-leaf sage and is often bound into a bundle called a smudge stick.

Other dried herbs, such as cedar, are sometimes added to the bundle, as well. Loose dried herbs and resins (like incense sticks) can also be used for smudging.

When the herbs are burned, the smoke emitted is directed to all parts of the room or space being cleared. This is performed with the intention of releasing negative thoughts, words, actions, or other energy created by yourself or others that has accumulated there. All that incessant chatter that is rolling around in your consciousness creates your reality. As you become aware of the incessant chatter in your mind and your energy field, change can begin. Change your thoughts by clearing away negativity, and you change your reality by opening yourself up to positive vibrations.

In addition to clearing a physical space, smudging can be used for clearing the energy or aura of a person. You can even use it for clearing away any negative energy that has accumulated on specific possessions.

As you clear out what you no longer need in your life, it provides space, literally, for the new to come in. If you don't replace the energy with blessings, the energy that is used to being in that space will try to return. To truly transform your space, generate the positive with prayers, chants, or visualize and know that love is now refilling the space.

My personal favorite for clearing myself, my space, and others is the use of my *Smudge in Spray*. This blend was divinely inspired. *Smudge in Spray* is effective in liquid form through the use of many of the plants listed above in the essential oil form along with Florida Water, Holy Waters, and Sacred Site essences (discussed below). This alternative has been found effective in hospital emergency rooms, sick rooms, airplanes, office buildings, cars, and any where you might be where pulling out a bundle of sage and burning it would be inappropriate.

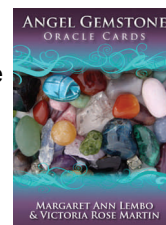

Recently, I added *Archangel Raphael Spray* (Visionary Award Winner!) to my line of products and have found it equally as effective in transforming and transmuring negative situations. It, too, was received through divine inspiration during a special meditation experience with Archangel Mikael. It seems that Mikael felt it was important that Raphael's spray should be brought forth first. This spray is especially helpful for those challenged with the belief system that they are sick or less than in any way without any hope of transformation or change.

***Animal Alchemy Energy Medicine for Animals and Their Humans* by Joan Ranquet \$39.95**

This CD/workbook set helps you understand all the factors that may be contributing to your animal companion's overall health, behavior, performance and wellbeing, while also looking at what could be blocking that missing sense of harmony in your household or barn. This CD set examines what makes up the energetic system of animals and their humans from their electromagnetic field to their chakra system to their cellular (and muscle) memory. It also teaches a simple technique called the Scalar Wave to clear

their energetic system, align their chakras and bring in a standing wave of scalar energy. The workbook includes chakra diagrams of dogs, cats and horses and charts for notes about your own animals.

SPECIAL EVENTS

Being presented for the first time in Florida!

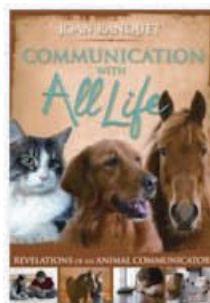

Animal Alchemy: Energy Work for Animals & Their People

Joan Ranquet, Hay House Author

In this class you will learn about the energetic field of both the human and the animal and what happens when they merge. You will learn about the human and the animal chakra system and how to clear them. You will learn how to bring in the scalar wave energy, bringing the human and/or the animal to zero point energy which can be used to enhance health, wellness, longevity, behavior and even performance. We will be working with the animals by

remote so don't bring your animal, please just bring a picture. Joan has worked with thousands of individual pet owners, dog, cat and horse trainers, barn managers and vets. She troubleshoots medical issues, helps stimulate healing in conjunction with conventional treatment, and helps clients to deepen their ability to care for and understand their animals. She is successful at finding lost dogs and cats, and often helps clients whose pets are aging and dying. She has been featured in dozens of media including *Pet Nation* on *Dateline NBC*, *The Today Show* on NBC, *Good Morning America* on ABC, *Animal Planet*, the *National Enquirer*, *The Los Angeles Times*, *The Sun Sentinel*, and *The Palm Beach Post*. She was the "celebrity animal communicator" in a short documentary on the AMC channel. Joan attended *Stephens College* in Columbia, Missouri where she received a BFA in theater. She has been working with animals for as long as she can remember.

Private Animal Communication Sessions

Joan Ranquet

Animal communication can have the effect of the animal feeling like they got their life story off their chest and modifying their own behavior as a result. But in most cases, an Animal Communication session isn't the only magic pill to transform the household to harmony.....it starts with the caregiver(s). During a session, I guide people to take a step back, understand that perhaps the problem is a people perception problem. When the human in the household can reframe the picture for themselves mentally or take emotional leadership, they are taking charge as the animal communicator and as a result, the animal companion(s) have the opportunity to respond differently. A lot of tools for this sort of household makeover are described in my book "Communication With All Life, Revelations of an Animal Communicator". Or perhaps you'd like to experience it yourself in a session for your own animal companions.

Mon Oct 30, 11:00 AM - 4:00 PM, \$75.00 1/2 hour, \$120.00 1-hour, prepayment and appointment required. Do not bring your animal. Bring a photo only.

The purpose of the cards is to encourage children's intuitive capacities and develop their connection to Spirit through these spirit animals. Introduction to the Shamanic Journey

Dr. Steven Farmer

The shamanic journey is one of the most fundamental skills shamans and shamanic practitioners possess. Through the use of drumming or rattling, the shaman intentionally sends an aspect of her soul to travel to an alternate spiritual domain called non-ordinary reality. There she meets up with helping spirits to seek advice for helping an individual, family, or community, returning with guidance, ceremonies, or rituals that are given to her by the spirits.

You don't have to be a shaman or shamanic practitioner to learn this very powerful process, one that cannot only be beneficial to yourself, but others as well. In this workshop you'll learn to do the basic shamanic journey and explore the realms of non-ordinary reality. You'll also discover who your power animal is, one that can serve as a primary spirit helper and guide. Whether a beginner or you have some experience journeying, you'll enjoy this powerful workshop. Please bring a bandanna and a light blanket for this two hour experiential workshop.

Fri Sept 16, 7:00 - 9:00 PM, \$32, prepayment required.

Healing Your Ancestral Karma

Dr. Steven Farmer

This unique and innovative workshop will provide an opportunity for you to clear and heal the karmic wounds from your lineage. Your genetic and soul's coding together are such strong influences that you may find yourself puzzled as to why you continue to repeat the same patterns in spite of your desire not to do so. Clearing these will not only help you heal the repetitive patterns you find yourself enacting, but will also positively affect subsequent generations so that your children and your children's children will be free of this karma as well.

With the support and assistance of your spirit guides, including the ancient ones, Dr. Farmer will guide you in a gentle and powerful process for healing your ancestral karma. In addition, you'll learn the difference between bloodline and territorial ancestors, discover the "training" one receives after death, and get to meet an "elder" ancestor, one of the ancient ones in your lineage. Dr. Farmer will also facilitate a group shamanic healing with the help of the ancestral spirits.

Sat Sept 17, 11AM - 2PM, \$42.00, prepayment required.

Earth Magic Private Healing Sessions

Dr. Farmer brings a unique psycho-spiritual approach to healing in these private consultations, one that incorporates both psychological and spiritual methodologies in a unique blend that is tailored to your particular needs. The session will typically begin with a brief conversation to identify what you're seeking while simultaneously giving you and Dr. Farmer an opportunity to achieve vibrational alignment. It will often be followed by an Earth Magic® reading using any of his oracle cards to further elaborate on what is needed.

As a master healer, he brings his many years of experience as a psychotherapist, soul healer, shamanic practitioner, and trauma recovery specialist into service on your behalf. The treatments may include soul recovery, soul clearing, power animal retrieval, clearing ancestral patterns, hypnotherapy, sound healing, EMDR, EFT, and breathwork. The choice of procedures will be determined by your request, spiritual guidance, and practical considerations.

Whether the Earth Magic® Healing Session is one-on-one or done remotely, the primary purpose and intention is to heal at the spiritual core. Becoming aware of and healing these core wounds can liberate you from imprisoning beliefs and behaviors, thus facilitating a happier, more fulfilling life filled with purpose, passion and love.

**Fall Equinox Celebration: Medicine Wheel Ceremony
Animal Medicine Workshop
Margaret Ann Lembo**

Do you want to reconnect with the cycles of life? Would you like to have a greater understanding of the signs and symbols in nature? Do you have an interest in the cosmology of our planet? Learn about animal medicine and meaning of the appearance of animals in our waking life and sleeping dreams. Come! Build the wheel of life with me, walk it and experience a new level of understanding of the cycles of life from a Native American perspective as shared by a non-Native facilitator. Building a wheel at the time of the Fall Equinox is very auspicious. It helps you create your reality with consciousness for the next 90 day cycle. Bring your intentions and goals. Step into this sacred workshop and awaken your consciousness on many levels.
