An excerpt from Margaret Ann's new eBook:

ALL ABOUT SMUDGING

"Filling the Space with Positivity"

After you have cleared out the proverbial closets, literally and figuratively, you need to replace that energy with blessings and love, or you will end up with a creative vacuum. What is the creative vacuum? As you clear out what you no longer need in your life, it provides space, literally, for the new to come in. If you don't replace the energy with blessings, the energy that is used to being in that space will try to return. To truly transform your space, generate the positive with prayers, chants, or visualize and know that love is now refilling the space. The creative energy is opened and activated when there is a clean palate on which to work. Now you have the foundations for

building the life you truly want.

The creation of your life is no different than an artist creating a masterpiece on a new canvas. You have the opportunity every day to start with a clean palate and paint your reality. You do have control over the events in your life. You can deliberately create what you wish and what you focus on. What occurs in your life is totally your own creation! If you want life to be different or if you want to bring in more positivity, it is time to work on clearing out the clutter in your mind, as well as in all of your subtle bodies and also in your physical body, your home, workspace, garage, cars, and even relationships.

Gemstones, or crystals, amplify what you believe and can be used to enhance the clearing process. The crystals will bring the thoughtforms to conscious awareness to be looked at and acknowledged, allowing for the further removal of what doesn't work. (It helps to see it or know that it exists to move it out of your sacred space.)

Some cultures have the ritual of cleaning their whole house the day before the New Year. This includes making sure all the dishes are cleaned and put away, the dishwasher is emptied, the laundry is completely done, and there are clean sheets on the bed and new or clean clothes to put on for the New Year, and so on. This ritual puts into action the intention that this next year starts with a clean slate. It provides an action to emphasize the intent. Spring cleaning is another time for that. Whether it is the sun moving into Aries at the Spring Equinox or the new moon rising every twenty-eight and a half days or the sun rising every twenty-four hours, it is always a good time to clear your space."

SPECIAL EVENTS

Introduction to Manifest the Life of Your Dreams

Dr. Garland Landrith

A "sneak peek" into Dr. Landrith's upcoming manifestation class. See "Manifest the Life of Your Dreams" below for an overview.

Thurs Jan 19, 7:30 - 8:30 PM, \$10.

Manifest the Life of Your Dreams

Dr. Garland Landrith

Dr. Landrith, whose research was cited in "What the Bleep", will be teaching a manifestation class that will combine quantum field technology with tapping on acupuncture points along with Heartmath. This class is unique from any other EFT/tapping class because it is oriented around using tapping for positive purposes ... including how to get a natural high (increased endorphins), enhance your ability to get a new job, give a lecture, or even help you hit a golf ball straight. Training will also include how to fall asleep and reduce junk food cravings which is useful this time of year.

Sat Jan 21, 11:00 AM – 5:00 PM, \$58 prepayment required. Price includes Manifestation/EFT Manual, free DVD, and papers.

Advanced Manifestation: Create the Life of Your Dreams Using Quantum Ho'oponopono, Heartmath and Tapping on Acupuncture Points

Dr. Garland Landrith

Dr. Landrith, whose research was cited in *What the Bleep* is coming back to *The Crystal Garden* to do an Advanced Manifestation & Healing Seminar. This seminar will greatly expand on what he teaches in his Introductory Manifestation Seminar; however, everyone is invited to attend even if you did not take the class previously. This seminar is cutting edge and will incorporate tapping on acupuncture points with one's fingers (EFT) along with Ho'oponopono, Heartmath and the Quantum Field. This class will greatly expand what we learned in the first Manifestation Seminar by utilizing Quantum Ho'oponopono and Heartmath technology as a way to not only enhance the tapping but also to enhance our techniques of Manifestation. Heartmath directly uses the Heart Chakra as its main healing point and this seminar will expand this by integrating the Heart Chakra into the Quantum as a way to enhance one's ability to create the Life of Your Dreams.

Sat Feb 11, 11:30 AM – 5:30 PM, \$58 prepayment required. Price includes seminar, workbooks on Quantum Ho'oponopono, tapping, free CD/DVD, papers and worksheets on forgiveness, etc.

Dr Landrith is a cutting-edge Quantum Field Psychologist/Healer whose research was cited in "What the Bleep". In his pioneering published research studies, Dr. Landrith found that what groups of individuals think (group meditation) could actually improve the quality of life in the city they live in, by lowering crimes, auto accidents, and suicides. His research scientifically demonstrates that if we meditate or do our inner work, we can make this world a better place.
